

TECH DATA SHEET

Easy Coat Tire Dressing (1344)

DESCRIPTION

Easy Coat Tire Dressing is a water-based, body shop safe dressing intended for use on exterior rubber and plastic surfaces. This high quality and economical dressing contains no silicone, making it ideal for use in body shops.

DIRECTIONS

Make sure that the surfaces to be treated are clean and dry. Spray or wipe onto surface applying a thin, even coat. Wipe off excess and even-out the finish with a microfiber towel or applicator. Let surface air dry. For best results on tires, do not move vehicle until dressing is dry, as excess material may be thrown off onto adjacent panels. Not for use on vinyl tops.
