MIRKA PNEUMATIC ORBITAL SANDER 70 X 198 MM – **MIRKA® OS383**

Mirka pneumatic orbital sanders are ergonomically designed for guaranteed user comfort and constructed of lightweight, hi-tech, precision molded composite materials that provide outstanding strength and durability. Mirka pneumatic orbital sanders were developed especially for sanding with Mirka's revolutionary net sanding abrasives.

Mirka® OS383 comes in two models:

Mirka® OS383CV – central vacuum ready

– recommended for various applications, such as body filler and paint removal, as well as primer and lacquer sanding.

Mirka® OS383DB – with self-generated vacuum and dust bag

– no additional dust extraction needed and greater flexibility to use in more locations.
– suitable for e.g. hard to reach areas e.g. in panel beating, yacht manufacturing and maintenance, wood shops and industrial workstations, where no conventional dust extraction is available.

Both machines are recommended to use on small and medium size areas. The 3.0 mm orbit guarantees a good surface finish.

Mirka® OS383 CV / DB

Hose assembly, pad saver strip, adapter and oil pot are included in the packaging.

Accessories

Interface 70 x 198 mm 56 H, 5 pcs/pack

Suitable abrasives for the orbital sander

Net sanding products, Abranet, Abranet HD and Autonet 70 x 198 mm sheets in combination with the pad saver, are suitable with the machine.

Standard 70 x 198 mm sheets with 8-hole configuration, for instance Q-Silver, fits the dust extraction hole configuration on the machine.

TECHNICAL SPECIFICATIONS

| Technical Data | Mirka® OS383 CV / DB |
|-----------------|----------------------|
| Size | 70 x 198 mm |
| Orbit | 3.0 mm |
| Weight | 960 g |
| Air consumption | 453 l/min |
| Work pressure | 6.2 bar |
| Noise level | 75 dBA |
| Power | 179 W |
| Speed | 10000 opm |
