DESCRIPTION:

Presta **Best Wax** is a premium wax. It is designed to enhance and create dazzling gloss on automotive and marine finishes. This outstanding Carnauba wax-based/silicone formula seals and protects cured paint against environmental damage. This long-lasting formula will shield paint from industrial fallout, acid rain, rail dust, bird droppings, tree sap and most kinds of chemical attack.

DIRECTIONS:

Paint must be fully cured before applying **Best Wax**. Check paint manufacturer's recommendations for full cure before applying. Vehicle must be clean, dry and at room temperature before use. Shake bottle well and apply a thin, continuous film in a 2'x2' area and let dry to a light haze. Remove haze with a Micro Fiber Cloth (#800135) or a soft, cotton, terry cloth towel and move to next panel.

FEATURES & BENEFITS:

- Creates dazzling gloss and color depth on automotive and marine finishes
- Protects against acid rain, industrial fallout, rail dust, bird droppings and tree sap
- Seals treated surfaces for a long-lasting Carnauba wax shine
- Produces superior gloss easily

PACKAGE SIZES:

16 fl. oz.

Part # 130516
